

40 DAYS FOR LIFE™ OF COLUMBIA, MO

Dear Ones,

Not sure when the abortions will begin at Columbia Planned Parenthood. Let us pray that something will happen to prevent abortions happening next week. We inch closer and closer to October 24 when SB 5 takes effect. Keep praying that no abortions happen next week. Our God can do miracles.

And in the event, that abortion counseling and abortions begin, we will be there to offer REAL help and hope to mothers coming to Columbia. Women want help, not abortion as was evidenced by the low number of women who came to Kansas City PP in September. First week, 11 moms came for counseling on Monday and on Thursday only 3 came back for the abortion pill. Others were sent to Pregnancy Help Center or simply did NOT come back. Week 2 saw 6 moms and only two went through with it. Week 3 saw 4 moms come and only one went through--possibly two with the abortion.

Shows prayer presence on sidewalk with trained sidewalk advocates saves lives all though the grace of God. To God be all the glory!

Photos from the sidewalk yesterday when the Press came out.

Jeff City joins Students for Life on the rainy day!

Despite the rain, the sidewalk was full most of the day. Just received a text from Mary "Over 25 folks have shown up to pray today!" and it is only 11am! We will need you next week!

THANK YOU TO ALL COMING OUT AND FOR THOSE PRAYING FROM HOME OR WHEREVER THEY MAY BE. WE ARE ALL ONE IN THE BODY OF CHRIST AND WE ARE WORKING TOGETHER FOR HIS GLORY.

Featured Speaker: Abby Johnson

Abby Johnson has always had a fierce determination to help women in need. It was this desire that both led Abby to a career with Planned Parenthood, our nation's largest abortion provider, and caused her to flee the organization and become an outspoken advocate for the pro-life movement. During her eight years with Planned Parenthood, Abby quickly rose in the organization's ranks and became a clinic director. She was product Planned Parenthood was selling, not an unfortunate necessity that they fought to decrease. Still, Abby loved the women that entered her clinic and her fellow workers. Despite a growing unrest within her, she stayed on and strove to help women in crisis.

All of that changed on September 26, 2009 when Abby was asked to assist with an ultrasound-guided abortion. She watched in horror as a 13 week baby fought, and ultimately lost, its life at the hand of the abortionist. At that moment, the full realization of what abortion was and what she had dedicated her life to washed over Abby and a dramatic transformation took place. Desperate and confused, Abby sought help from a local pro-life group. She swore that she would begin to advocate for life in the womb and expose abortion for what it truly is.

Planned Parenthood did not take Abby's exodus sitting down. They are fully aware that the workers who leave are their greatest threat. Instantly, they took action to silence Abby with a gag order and took her to court. The lawsuit was quickly seen as the sham it was and thrown out of court. The media was, and continues to be, intensely interested in Abby's story as well as her continued efforts to advocate for the unborn and help clinic workers escape the abortion industry. She is a frequent requested guest on Fox News and a variety of other shows and the author of the nationally best-selling book, Unplanned which chronicles both her experiences within Planned Parenthood and her dramatic exit. Abby is the founder of And There Were None, a ministry designed to assist abortion clinic workers out of the industry. To date, this ministry has helped over 370 workers leave the abortion industry.

THIS WEBCAST WAS INCREDIBLE AS TIME AFTER TIME THE HORRIBLE ACTIONS OF "UNCARE" FOR WOMEN BY PP IS REVEALED. WELL WORTH THE TIME TO LISTEN. FRIENDS:

We held a [LIVE webcast](#) last night featuring [four former abortion industry workers](#) who courageously shared details of the horrors and substandard conditions in the clinics where they worked. More and more people are learning the truth about Planned Parenthood's motives. **There has never been a better time than now to reach out to abortion clinic workers and help them leave the industry!**

Planned Parenthood doesn't care about the emotional and spiritual damage they are doing to their workers. Planned Parenthood only cares about profit ...and silencing anyone who is brave enough to expose the abortion behemoth for what really happens behind closed doors. I exposed Planned Parenthood for having abortion quotas when I left in 2009. I know the pressure clinic workers feel to meet these quotas -- or the clinic may face consequences. You heard from four former industry workers last night who shared this same information. **You see, the abortion industry realized a long time ago that the key to their survival rests with their clinic workers.** So they will go to *any length* to keep the 3,000+ abortion clinic workers trapped in the industry. It is emotionally devastating for workers to feel trapped in an industry that celebrates death but who are too scared to leave because they don't have another job and need to put food on their table.

I need your help today to seize an opportunity to open the floodgates for abortion workers who want to leave the industry! Every dollar donated to my ministry up to \$25,000 will be matched! That is \$50,000 that can support the work we do here at And Then There Were None -- [the work you so generously support](#) -- that plays a critical role in helping workers safely transition out of this deceptive, predatory business.

We made an open, honest plea for your help last night. We have received \$1200 in donations so far. But in order to receive these much needed funds from this matching grant, we MUST reach at least \$25,000. Can you help us exceed this mark and reach our goal by Planned Parenthood's birthday, October 16? Planned Parenthood has the financial resources -- including \$500 million of your taxpayer dollars -- to hire high-priced lawyers to threaten anyone who wants to speak out about them, to control the media, and to sway our elected officials.

Please don't let these workers spend another day in fear. I wish this kind of healing existed when I left the industry in 2009. Even 8 years later, I continue to heal along with these former workers. That's why I started And Then There Were None -- so others wouldn't have to live with the pain. Help us help them!

[YES! I want to help a worker leave Planned Parenthood!](#)

THIS IS QUITE INTERESTING. FIGHTING AMONG THE SATAN WORSHIPPERS??

For those of you who are interested, the Church of Satan is fighting with the Satanic Temple (yes, those are two different groups!) over the Satanic Temple's lawsuit against Missouri's 72 hour reflection period before an abortion.

The Church of Satan suggests that Satanic Temple members are either "misinformed" or "lying", and that their "supposedly 'sincerely held beliefs' ... are scanty, nebulous, and contradictory."
